Applicants please note: The decisions of the Design Review Committee (the Committee) are binding. It is each applicant's responsibility to see that the decisions of the Committee are carried out as stipulated. Any changes or deviations from the Committee's decision, including but not limited to: colors, forms, configurations, materials, assemblies or any other aspects of the approved work shall not be undertaken by the applicant or the applicant's agent unless said changes are approved by the Committee beforehand. Under the terms of City ordinance, any change or deviation from work approved by the Committee constitutes a violation of the ordinance and renders the applicant subject to citation with penalties as prescribed by a city magistrate. In addition, please note that prior to obtaining any permit(s), all applicants must meet with Zoning staff to determine compliance with the Zoning regulations. Design Review approval does NOT mean that Zoning has approved the request.

installation of three steel solar canopy structures. He stated that the solar canopies would be on a closed system, to power site lighting and phone charging stations. These three stations will be located adjacent to Protective Stadium. He stated that the canopies will provide shade AND take advantage of the solar energy. He also stated that he would be using limestone curbs to create the retaining walls for these areas. Wolfe asked if there was a concern with the rainwater leaching the steel structures and staining the sidewalks. Mr. Lewandowski stated that the structures would not be placed over any existing sidewalks, but that pavers would be placed in currently grassed areas. He stated that they weren't concerned with any discoloration from the steel structures. Burnett stated that they could make a pervious area at the bases of the columns to allow the discolored runoff to seep into the ground. Wieseman stated that the pavers could also be replaced if needed, if they get too stained.

**Motion:** Burnett made a motion to approve this proposal conceptually, incorporating the comments regarding the iron oxide runoff at the bases of the columns.

**Motion seconded by:** Wieseman

**Discussion:** none

**Vote:** The motion carried. Macknally recused herself.

**II.**

**Name:** Ms. Cori Austell

**Site Address:** 1700 2<sup>nd</sup> Avenue South

**District:** Midtown

**Requesting approval for:** Parking lot

**Statements:** The applicant stated that she wanted to install a new 32-space self-park lot near Regions Field. Mauk asked where the entrance to the lot would be. Ms. Austell stated that the access would be off of the alley. Mauk asked if there would be a fence around the lot. Ms. Austell said no. Macknally stated that there were some compliance issues with the site and the Parkside Guidelines. Macknally stated that the pavement scoring patterns on the hardscape didn't seem to match up. She also stated that the spacing between the trees needed to be labelled. Macknally suggested Bermuda in place of the Blue Fescue. Wolfe asked why there was no water on the site. Ms. Austell stated that it was because there was no building or water on the site. Wolfe stated that he was very concerned that there was no water on the site. Mr. Wilson stated that he would be happy to add irrigation into this site.

**Motion:** Macknally made a motion to carry this case over pending more information.

**Motion seconded by:** Hoskins

**Discussion:** Wieseman stated that DOT signs off on the 2<sup>nd</sup> Ave. S streetscape for compliance. Macknally stated that it would be helpful to see how this design lines up with the future plans for this area.

**Vote:** The motion carried unanimously.

**III. Name:** Mr. Joseph Posey, Ms. Ali Randall (Lessees)

**Site Address:** 3811 Clairmont Avenue South

**District:** Forest Park Local Historic District

**Requesting approval for:** Master Signage Plan (carried over from 10/13/21)

**Statements:** This project was approved as presented by the Forest Park LHAC.

On 9/1/21 the LHAC of the Forest Park Local Historic District heard the DRC case for the property located at 3811 Clairmont Avenue, and the Committee took the following action: Approve.

The LHAC approved the project for the following reasons: Project is in keeping with the architectural integrity of the Forest Park neighborhood and historical neighborhood design review guidelines.

The LHAC also made the following findings:

1. The proposed change, erection, or demolition: Conforms to the design standards established.
2. The proposed change, erection, or demolition: Is compatible with the character of the historic property and the historic district and does not detract from their historic value.
3. The proposed erection, alteration, restoration, relocation or demolition, in whole or in part: Will not detrimentally change, destroy, or adversely affect any significant architectural feature of the resource.
4. The proposed erection, alteration, restoration, relocation or demolition, in whole or in part: Will be compatible with the exterior features of other improvements within the District.

Mr. Posey stated that he was going to expose all windows on the building, and change out the sign on this building. He stated that new gold leaf logos would be placed on the windows. He stated that the sign face would be changed out to reflect the new tenant.

Mr. Posey presented his master signage plan for this building as well. Macknally stated that the sign materials were not called out. Sims stated that the materials and sign types needed to be included in the master signage plan. Mr. Posey stated that the blade sign was a vinyl decal, and that's what he intended to use for the new sign.

**Motion:** Burnett made a motion to approve this proposal on the condition that the applicant amend his signage plan to include the addition of a blade sign, and clarification of the signage materials (vinyl coated) to be submitted to City Staff.

**Motion seconded by:** Macknally

**Discussion:** none

**Vote:** The motion carried unanimously.

#### IV.

**Name:** Mr. Rob Malcom

**Site Address:** 1403 30<sup>th</sup> Street North

**District:** Norwood Local Historic District

**Requesting approval for:** Replacing windows; repairing eaves and siding with matching materials; installing new front door and deck; and painting all trim

**Statements:** Mauk asked Perry if there was a report from the LHAC. Perry stated that this project was approved with conditions by the Norwood LHAC. She also stated that this is a contributing structure.

On 10/18/21 the LHAC of the Norwood Local Historic District heard the DRC case for the property located at 1403 30<sup>th</sup> St. N, and the Committee took the following action: Approve with conditions.

The LHAC approved the project with conditions for the following reasons:

Page 13-Item E-Doors

“Original doors, frames, hardware, and glass shall be retained and maintained where possible since original doors helps define a house’s architectural style and therefore are of great importance to the preservation of a historic structure. Repair in accordance with the original design is preferred over replacement.
